Kindergarten
Noorpur

Ms. Nitika
Co-ordinator
Kindergarten
Cantt.-Jandiala Road

Ms. Palak Ghulati
Centre Head /
Co-ordinator
INNOKIDS ELCC
Central Town

The **EDUCATION SYSTEM IS TRANSFORMING** gradually with the gain of new education policy (NEP-2020) to acquire the new levels of global acceptability of all the learners. And, in this forward-thinking society, the members of Innocent Hearts are staying abreast to keep pace with the advancements in the field of education (at the same parent pocket-friendly cost structure). Our whole team also works to stay on top of the most recent methodologies for assisting the students in achieving the pinnacle of success in their lives.

THE LEGACY in itself - INNOCENT HEARTS SCHOOL, under Innocent Hearts Group, run & managed by Bowry Memorial Educational & Medical Trust, is known for providing Quality Education through a set of Dynamic, Vibrant & Modern Teaching-Learning Methodology. The spirit and the quality is extended through the school's Kindergarten section which is further being supplemented and carried forward through **INNOKIDS - Early Learning Centre** at its all campuses & a dedicated unit as **INNOKIDS - Early Learning & Child-care Centre for the Pre-schoolers**. The aesthetically designed all-air-conditioned and comfortable, homogeneous & methodical infrastructure at the campuses, combined with a dedicated Early Learning Curriculum, offers an intelli-combo of Learning through Playing, keeping a balance between Academics & Activities.

PREPARED
LEARNERS

Gamification of Education under the Foundational Stage(FS) of NEP-2020 enhances the curriculum offering a balanced approach of learning through a dedicated Learning Arena for different skills, providing children a range of learning experiences and activities that are both stimulating and fun. This Early Learning *Intelli-combo* of curriculum and activities keep in mind the development of all the **three domains of learning : Cognitive, Psychomotor and Affective Life Skills.**

The journey from the Early Years to Learners growing into Scholars underpins the formal learning later in childhood, also enabling the individual child to develop their self-esteem. The children are not only provided with the foundational primary education to prepare them to climb the ladder for the higher formal school learning, but are also made to learn and imbibe in their lives the much-needed moral values, making them turnout to be the best citizens of the future world.
